

NIH Lab Safety Training

Our goal is to standardize all safety training across Hawaii INBRE using the NIH training program. **As a reminder, all students must be lab safety-certified before they can begin work in the lab.** Please email your certifications to inbre@hawaii.edu.

Visit the NIH Lab safety training website at <https://www.safetytraining.nih.gov/> to begin:

1. You will be directed to a list of NIH trainings as shown below. Please refer to 'View Online Classes' if you are required to complete other specific trainings.

Training Requirements & Available Courses

My Role at NIH:

6. Submit and begin NIH training courses!

The following course is required for **new SRE students**:

1. Introduction to Lab Safety – On-Line Training

These two (2) will be required for **returning students**, yearly update/re-certification:

1. Laboratory Safety Refresher Course - On-line Training
2. Bloodborne Pathogen Refresher Course - On-line Training (*For this training, please check with Lab Supervisor*)

Lastly, please refer to your Lab Supervisor Acknowledgement Form to confirm what other trainings are required by your lab.
