

STUDENT RESEARCH EXPERIENCE (SRE)

Program Eligibility and Requirements for Students

Eligibility	Basic Requirements	Measures & Outputs			
Intern, Associate, and Scholar Students	Intern, Associate, and Scholar Students	Description	Intern	Associate	Scholar
<ul style="list-style-type: none"> ❖ 18 years of age or older ❖ Registered at an academic campus / INBRE partner ❖ Minimum 2.75 cumulative GPA ❖ Have completed at least (1) semester of their freshman year of a 4-year degree in biomedical-related or bio-behavioral sciences, OR Community College student who has completed at least (1) semester of their program of study 	<ul style="list-style-type: none"> ❖ Initiate interest by contacting the respective INBRE Campus Coordinator, and INBRE faculty. ❖ Follow standard INBRE application procedures by first completing a Pre-Application form. ❖ Complete a Lab Supervisor Acknowledgement (LSA) form with identified host laboratory. Laboratory Supervisor and student must be able to define a project and commit to mentoring over a semester-long period (Spring, Summer or Fall). ❖ Attend the compulsory INBRE Orientation. ❖ Obtain the necessary Laboratory Safety Training to perform identified research duties – Complete the Student Safety Checklist & Training Log with the Lab Supervisor. ❖ Acquire the skill sets necessary to perform assigned research duties ❖ Complete the required volunteer waiver forms, if applicable, and notify INBRE Campus Coordinator ❖ Participate in research activities under a weekly schedule determined on consultation with his or her laboratory supervisor in order to meet the expectations for his or her research project. ❖ Participate in INBRE and host campus activities pertaining to Undergraduate research and professional development. ❖ Participate in all surveys and/or questionnaires for long-term tracking of academic and career plan goals for up to 5 years. ❖ Students will adhere to the required COVID-19 action plans at their individual institutes, for working in a Laboratory environment. 	Attend Orientation	•	•	•
		Obtain Lab Safety Certification	•	•	•
<p>Scholar – additional requirements</p> <ul style="list-style-type: none"> ❖ Successfully completed 2 consecutive semesters in the INBRE SRE program ❖ Act as a resource and role model to Interns & Associates in the INBRE SRE Program ❖ Demonstrate a continued interest in biomedical research and the possibility of pursuing a career in biomedical research (through the Personal Statement in application) ❖ Agree to the Scholar requirements and expectations described in the Personal Statement section of the application ❖ Obtain a statement of commitment and support from the laboratory research supervisor and obtain approval from the respective INBRE Campus Coordinator. Note: INBRE Executive Committee ultimately makes the final decision of Scholar Application 	Meet regularly with mentor to assess progress	•	•	•	
	Submit CV (<i>Curriculum Vitae</i>)	•	•	•	
	Complete Individual Development Plan (IDP) within 60 days	•	•	•	
	Participate in the INBRE Program Meeting in conjunction with the Annual Biomedical Sciences & Health Disparities Symposium	<i>Attend and Observe</i>	<i>Submit Abstract, Present Poster</i>	<i>Submit Abstract, Present Poster</i>	
	Receive a Certificate of Completion	•	•	•	
	Receive an Award payment	n/a	\$1,500	\$2,000	
	Work independently or collaboratively on discrete research projects formulated by both student and research supervisor, with explicit goals, objectives and measurable endpoints		•	•	
	Meet with research supervisor to properly accomplish the goals of the research project	Bi-monthly	Weekly	Weekly	
	Student to examine INBRE Student Reporting Guidelines and report on all required sections.	•	•	•	
	Students are encouraged to return to SRE program next cycle	•	•	•	
Participate in the INBRE Council of Scholars			•
